THOUSANDS OF JAPS ARE SLAIN BY MINES

RUSSIANS CLAIM THAT A GREAT
DISASTER HAS BEFALLEN
THEIR ENEMY.

THIRTY THOUSAND BLOWN UP

NIGHT ATTACK UPON PORT AR-
THUR REPULSED WITH THE
AID OF MINES.

ALSO COMES FROM SHANGHAI

REPORT PLACES THE JAP CASU-
ALTIES AT TWENTY- EIGHT
THOUSAND MEN.

St. Petersburg, July 13.—A dispatch
from a Russian correspondent at Muk-
den, dated July 12, says:

"According to intelligence received
here the Japanese last night attacked
positions near Port Arthur and were
repulsed with enormous losses, not
less than 30,000, it is said, being killed
or wounded by our mines."

London, July 13.—The Morning
Post's Shanghai correspondent says
that the Japanese casualties by land
mines at Port Arthur Sunday night
are reported to have been 28,000, but
none of the many special war dis-
patches mention a Japanese disaster
at Port Arthur.

ANOTHER MINE STORY

JAPANESE LOSSES ARE HERE ES-
TIMATED AT TWENTY-EIGHT
HUNDRED MEN.

Shanghai, July 13.—A battalion of
Russian infantry Monday night reoc-
cupied a position commanding Port
Arthur. The Russian cruiser Novik
and three gunboats assisted the Rus-
sian military forces by bombarding
the enemy. The Japanese fleet sub-
sequently appeared, but was unable
to prevent the Russian vessels from
regaining entrance to the harbor.

It is reported a great battle was
fought on the land side of Port Ar-
thur on Sunday. The Japanese at-
tacked the western fort, whereupon
the Russians exploded land mines,
which caused fearful havoc. The
Japanese retired. Their casualties
are estimated at 2,800.

WILL WITHDRAW HIS TROOPS.

Kuropatkin Will Not Oppose Jap Oc-
cupation of Newchwang.

Newchwang, July 13.—Russian offi-
cials admit there is every probability
that General Kuropatkin will with-
draw his troops from this city and the
Japanese be in possession of the
place in a few days. General Oku is
pushing the advance of his columns
from Kalping to Yinkow and Tashchi-
chao, and everybody is in hourly ex-
pectation of another severe engage-
ment.

TAKUSHAN ARMY MOVING.

Suffers Loss of One Hundred and Fifty
Men in Battle.

Tokio, July 13.—The Japanese Taku-
shan army is moving northwest from
Shan. It fought a series of small
battles with the Russians on July 9
and 10. The army is divided into two
columns, which advanced against the
Russians. When the first column ap-
proached Chikuananshing, the Russians
retreated southwest through the val-
ley, but at 5 p. m. they took up a po-
sition on the heights west of Chou-
chichang. The Russians were dis-
lodged at dusk, when the second Japa-
nese column advanced along the
road toward Longchi, repulsing small
bodies of the enemy en route. They
attacked the advance line of the Rus-
sians near Situngtakau.

The Russians were reinforced and
compelled the Japanese to withdraw.
At dawn on July 10, both columns at-
tacked and dislodged the Russians
from the heights west of Sinchiaku.
The Japanese pursued them and again
attacked a strong position held by the
Russians at Situehikou. After a desper-
ate fight the Japanese occupied the
position.

After occupying Kaichou, General
Oku's army on Sunday moved north-
ward. The Russians have strong de-
fenses at Tingshan, Nusenhan, Nang-
matai, Chinghishan and camps near
Kuoichiao. General Oku will prob-
ably attack these positions as soon as
his troops are rested.

In the fights of July 8 and 9 the
Japanese lost about 150 men. The
Russian losses are believed to have
been heavier than the Japanese.

NO MATCH FOR THE JAPANESE.

Russians Defeated in Hand to Hand
Fighting on the Yalu.

Victoria, B. C., July 13.—William

Kirton, war correspondent for the
Central News and the London Graphic
arrived here Tuesday on the Canadian
steamer Empress of India from Yoko-
hama. Kirton says the Russian offi-
cers at the battle of the Yalu issued
blundering, contradictory orders, lead-
ing to several disastrous evolutions
which the Japanese used to advantage.
In the hand to hand fighting, some of
which he saw, the Russians were no
match for the Japanese, in spite of
their superior physique.

STOPS BRITISH STEAMERS.

Russian Vessel Searches Them in the
Red Sea.

Perim, Straits of Bab el Mandeb,
July 13.—The British steamer Mene-
laeus from the Clyde for Shanghai,
which arrived here last night, reports
that she and the British steamer
Crewe Hall from the Clyde for Kura-
chee were stopped on June 11 in the
Red Sea of Jeddah by the Russian vol-
unteer fleet steamer St. Petersburg,
which carried eight guns and a large
crew.

Both steamers were boarded and all
their papers and manifests overhauled.
The vessels were detained four hours,
after which the St. Petersburg steamed
off to the northward.

GENERAL STAFF IN THE DARK.

Has No Information Regarding Al-
leged Disaster to Japs.

St. Petersburg, July 13.—The gen-
eral staff has received no information
regarding the reported attack on po-
sitions near Port Arthur, and the loss
of 30,000 Japanese killed or wounded
by Russian mines.

JAPS CAPTURE A FORT.

Drive the Russians Out of a Position
at Port Arthur.

Chefoo, July 13.—A Frenchman who
arrived here on a junk from Port Ar-
thur reports that on July 7 the Japa-
nese captured Fort No. 14.

CHOUNARD MUST HANG.

Board of Pardons Refuses to Commute
Death Sentence.

St. Paul, July 13.—After listening
for two hours to arguments for a
commutation of the sentence of death
passed upon William Chounard by
Judge Spooner at Walker, Cass coun-
ty, the state board of pardons unani-
mously denied the application, and
Governor Van Sant will be called up-
on to set the date for Chounard's ex-
ecution.

The evidence presented to the board
of pardons showed Chounard to have
been so drunk he was incapable of
reasoning when he shot and killed his
wife, and that she taunted him and
dared him to shoot her.

Chounard's attorney announced that
he would ask for a new trial. In the
event that the motion is denied, the
case will be appealed to the supreme
court.

Chounard was convicted April 28 and
Governor Van Sant must fix the date
of execution within three months
thereafter.

ONE OF THEM IS SAVED.

Iowa Man and Woman Attempt to End
Their Lives.

Des Moines, Ia., July 13.—Mrs. W.
J. Garner and Arthur Orth attempted
suicide at night by taking poison. The
woman died in the morning, but phy-
sicians saved Orth. The couple were
discouraged because Mrs. Garner
could not secure a divorce and marry
Orth.

MAYOR JONES IS DEAD

FAMOUS MAYOR OF TOLEDO, O.,

PASSES AWAY AFTER A
LONG ILLNESS.

TOLEDO, O., July 13.—Samuel M.

Jones, "the Golden Rule" mayor, died
at his home last evening at 5:07
o'clock as the result of a complica-
tion of diseases. The immediate
cause of his death was an abscess on
his lungs. When this abscess broke
the mayor was not strong enough to
throw off the poison from his system
and death resulted. The mayor had
suffered for years from asthma and
this was the primary cause of his fa-
tal illness. The death of Mayor
Jones has caused the greatest sorrow
all over the city. Although many did
not believe in his ideas on sociological
problems, everybody loved and re-
spected him. His one great strong
hold with the people of Toledo was his
honesty.

The mayor was taken ill two weeks
ago last Thursday and for the past
forty-eight hours previous to his death
was in a comatose condition. All the
members of his family were at his
bedside at the time of his death. He
leaves a widow and three sons, Percy,
Paul and Mason Jones. He will be
succeeded as mayor by Robert Finch,
president of the city council.

Samuel Milton Jones was born in
Wales in 1846.

TWO BROTHERS MUST DIE.

Governor Herrick of Ohio Refuses
Clemency to Al and Ben Wade.

Columbus, O., July 13.—Governor
Herrick wired from Osterville, Mass.,
Tuesday that he would not interfere
in the case of Al and Ben Wade of
Toledo, who are under sentence to be
electrocuted next Thursday morning
for the murder of Kate Sullivan. The
brothers had applied for a commuta-
tion of sentence. Al Wade is on the
verge of collapse.

STRIKE IS EXTENSIVE

THOUSANDS OF PACKINGHOUSE
EMPLOYES QUIT WORK IN
SEVERAL CITIES.

AGAINST DECREASE IN WAGES

UNION LEADER SAYS MEN ARE
NOT TRYING TO OBTAIN
MORE MONEY.

Chicago, July 13.—As the result of a
stubborn disagreement, chiefly over
wages for unskilled labor, one of the
most extensive strikes in the history
of the meat packing industry of the
United States began Tuesday in Chi-
cago, Kansas City, Omaha, St. Joseph,
Mo., and other places where packing
plants are located. If prolonged the
strike is expected to cause widespread
inconvenience, possibly equalling the
anthracite coal famine of two years
ago. The unanimity of the strike was
complete. More than 45,000 employes
are directly involved. In Chicago alone
18,000 men are on a strike. The ef-
fect of the strike upon the food sup-
ply of the country and the price of
meats is being earnestly discussed,
notwithstanding announcement was
made last night that the packing-
houses, contrary to somewhat general
expectations, will continue operations
without any shutdown, employing
whatever help may be obtainable. How
much alleviation to the public this course
may afford is a matter of wide variation
of opinion. The packers declare that
hundreds of men who could not be
provided with places have been apply-
ing daily for work.

The walkout here was started by the
employees of the killing department at
the various packinghouses. The kill-
ers were followed by the workers in
other departments as fast as the cur-
rent work left by the slaughterers
could be cleaned up. Thus, as the
workers in each department disposed
of their part of the work they threw
off their aprons and departed. This
consideration was shown the packers
by the labor officials, as it was not the
desire of the men to cause the em-
ployers any financial loss as a result
of neglecting meat that was on hand
to be dressed.

No Signs of Disorder.

Watched by cordons of police, the
strikers filed briskly out of the pack-
inghouses, carrying overalls, rubber
boots and knives, cleavers and steels.

The strikers were greeted by crowds
of women and children, many of whom
joined hands with the workmen on the
outward march.

Whatever the future may have in
store in the way of riots there was
Tuesday absolutely no sign of disorder.

A picturesque scene was presented
when the sausage factories and can-
neries were left by their forces. There
are 1,000 girls employed in these two
departments of the meat industry. Clad
in variegated garb of factory
girls, this army of feminine strikers
tripped blithely along the main thor-
oughfares of the stockyards and were
roundly cheered as they emerged
through the gates and distributed
themselves in the crowd of men who
had awaited their coming.

"We're with you till the last," the
girls exclaimed, smiling prettily as
they stood around and talked over
the situation with their male companions
in the movement.

President Michael Donnelly of the
Amalgamated Meat Cutters and
Butchers' Union of North America,
the leader of the strike, said that he
believed the strikers would have lit-
tle difficulty in standing a siege of a
year with the strike funds the union
has on hand.

President Donnelly and the presi-
dents of the thirty-five locals as-
sembled at the headquarters in the
morning, thinking they might receive
a notice of surrender from the pack-
ers, but no word came. The packers
took the position that they had replied
decisively to the workers' demands
and had nothing more to say than ex-
cept to emphasize a refusal to pay the
wage scale asked.

Arthur Meeker of Armour & Co.,
said:

Consider Demands Unwarranted.

"We consider the demands of the
union for an advance in the wages of
unskilled labor entirely unwarranted
by industrial conditions. We could
not concede it and proposed to sub-
mit the question to arbitration, which
the union declined to do, and called
a strike in all our plants."

President Michael Donnelly, the
strike director, said:

"I wish to make it clear that we are
not fighting for an increase of wages,
but against a decrease.

"Our original demand was for a
minimum of 20 cents an hour for labor-
ers. This demand was amended after
our second conference with the pack-
ers in June.

"We then agreed to a scale of 18½
cents an hour, except in Omaha and
St. Louis, where the scale is 19 cents.

"The packers on the other hand,
refused to pay more than 17½ cents
an hour and declined to sign an agree-
ment at all, except with a small pro-
portion of the workmen.

"The question of wages to skilled
men was not discussed. To unskilled
workmen, the average wage was 18½
cents, but when we asked that this be
made the minimum wage they cut it

SIGN AN AGREEMENT

ARBITRATION PACT BETWEEN

GERMANY AND GREAT BRIT.

AIN IN FORCE.

London, July 13.—The foreign office
announces that an agreement was
signed Tuesday by Foreign Minister
Lansdowne and the German ambas-
ador providing for the settlement by ar-
bitration of differences which may
arise of a legal nature, or relating to
the interpretation of existing treaties
between Germany and Great Britain.
The terms of the agreement are identi-
cal with those recently concluded
with Italy, France and Spain.

SOURCE OF SOME WONDER.

Judge Parker Has Not Yet Received
Reply to His Telegram.

Esopus, N. Y., July 13.—It is begin-
ning to be a source of some wonder as
to what has become of the telegram to
Judge Parker which was formally
adopted by the St. Louis convention
Saturday night. It has not yet
reached Esopus and Judge Parker
knows its tenor only from the press
bulletin which was telephoned to him
that night and from the newspapers
next day.

Former Senator David B. Hill has
not come to Rosemont, since the con-
vention and it is not known that he is
coming.

Mr. W. F. Sheehan conferred with
Judge Parker for nearly three hours
Tuesday, but neither would discuss the
conference. Regarding the chairman-

ship of the Democratic national com-
mittee they were silent also. It is
known that Mr. Sheehan is very much
averse to the proposition that he
should take the position himself.
There is a rumor that Judge Parker
wants the chairmanship to go to Sena-
tor Gorman, but no verification is pos-
sible.

The formal notification of Judge
Parker will take place at Rosemont
within a fortnight.

FATAL DYNAMITE EXPLOSION.

One Man Killed and Six Others Badly
Injured.

Bannock, O., July 13.—One man was
killed, one probably fatally injured,
and four or five seriously hurt in a
dynamite explosion just east of this
place about noon. The dead man is
John Bushbond, an Italian workman.
Mike McLaughlin, foreman of gang,
was fatally injured. Five Italians,
names not obtainable, were more or
less seriously hurt.

Midnight Jail Delivery.

St. Paul, July 13.—A bold jail de-
livery, during which three masked men
liberated a pickpocket named Kelly, oc-
curred at White Bear about midnight.
Charles Sandahl, night watchman at
the jail, was held up at the point of
revolvers by three men, who took his
keys from him, liberated Kelly and
then, wrapping a shirt around San-
dahl's head, placed him in the pris-
oner's cell.

St. Petersburg, July 13.—A dispatch

"According to intelligence received
here the Japanese last night attacked
positions near Port Arthur and were
repulsed with enormous losses, not
less than 30,000, it is said, being killed

London, July 13.—The Morning

that the Japanese casualties by land
mines at Port Arthur Sunday night
are reported to have been 28,000, but
none of the many special war dis-
patches mention a Japanese disaster
at Port Arthur.

ANOTHER MINE STORY

JAPANESE LOSSES ARE HERE ES-
TIMATED AT TWENTY-EIGHT

Shanghai, July 13.—A battalion of
Russian infantry Monday night re-
occupied a position commanding Port
Arthur. The Russian cruiser Novik
and three gunboats assisted the Rus-
sian military forces by bombarding
the enemy. The Japanese fleet sub-

Kuropatkin Will Not Oppose Jap Oc-
cupation of Newchwang.

Newchwang, July 13.—Russian offi-
cials admit there is every probability
that General Kuropatkin will with-
draw his troops from this city and the
Japanese be in possession of the
place in a few days. General Oku is

TAKUSHAN ARMY MOVING.

Suffers Loss of One Hundred and Fifty
Men in Battle.

Tokio, July 13.—The Japanese Taku-
shan army is moving northwest from
Siuyen. It fought a series of small
battles with the Russians on July 9
and 10. The army is divided into two
columns, which advanced against the
Russians. When the first column ap-
proached Chikuan-shing, the Russians
retreated southwest through the val-

sition on the heights west of Chou-
ch'ang. The Russians were dis-
lodged at dusk, when the second Japa-
nese column advanced along the
road toward Longchi, repulsing small
bodies of the enemy en route. They
attacked the advance line of the Rus-
sians near Slutangtaku.

The Russians were reinforced and
compelled the Japanese to withdraw.
At dawn on July 10, both columns at-
tacked and dislodged the Russians
from the heights west of Sinchiaku.
The Japanese pursued them and again
attacked a strong position held by the
Russians at Slutehikon. After a des-
perate fight the Japanese occupied the
position.

After occupying Kaichou, General
Oku's army on Sunday moved north-
ward. The Russians have strong de-
fenses at Tingshan, Niushan, Nang-
matai, Chinghishan and camps near
Krochihaio. General Oku will prob-
ably attack these positions as soon as
his troops are rested.

In the fights of July 8 and 9 the
Japanese lost about 150 men. The
Russian losses are believed to have
been heavier than the Japanese.

NO MATCH FOR THE JAPANESE.

Russians Defeated in Hand to Hand
Fighting on the Yalu.

Victoria, B. C., July 13.—William

which arrived here last night, reports
that she and the British steamer
Crewe Hall from the Clyde for Kura-
chee were stopped on June 11 in the
Red Sea of Jeddah, by the Russian vol-
unteer fleet steamer St. Petersburg,
which carried eight guns and a large
crew.

Both steamers were boarded and all
their papers and manifests overhauled.
The vessels were detained four hours,
after which the St. Petersburg steamed
off to the northward.

leged Disaster to Japs.

St. Petersburg, July 13.—The gen-
eral staff has received no information
regarding the reported attack on po-
sitions near Port Arthur, and the loss
of 30,000 Japanese killed or wounded
by Russian mines.

JAPS CAPTURE A FORT.

Drive the Russians Out of a Position

CHOUNARD MUST HANG.

Board of Pardons Refuses to Commute
Death Sentence.

St. Paul, July 13.—After listening
for two hours to arguments for a
commutation of the sentence of death
passed upon William Chounard by
Judge Spooner at Walker, Cass coun-
ty, the state board of pardons unani-
mously denied the application, and
Governor Van Sant will be called up-
on to set the date for Chounard's ex-

The evidence presented to the board

AGAINST DECREASE IN WAGES

UNION LEADER SAYS MEN ARE
NOT TRYING TO OBTAIN
MORE MONEY.

Chicago, July 13.—As the result of a
stubborn disagreement, chiefly over
wages for unskilled labor, one of the
most extensive strikes in the history
of the meat packing industry of the
United States began Tuesday in Chi-
cago, Kansas City, Omaha, St. Joseph,
Mo., and other places where packing
plants are located. If prolonged the
strike is expected to cause widespread
inconvenience, possibly equalling the
anthracite coal famine of two years
ago. The unanimity of the strike was
complete. More than 45,000 employes
are directly involved. In Chicago alone
18,000 men are on a strike. The ef-
fect of the strike upon the food sup-
ply of the country and the price of
meats is being earnestly discussed,
notwithstanding announcement was
made last night that the packing-
houses, contrary to somewhat general
expectations, will continue operations
without any shutdown, employing
whatever help may be obtainable. How
much alleviation in the furnishing of
supplies to the public this course may
afford is a matter of wide variation of
opinion. The packers declare that
hundreds of men who could not be
provided with places have been apply-
ing daily for work.

The walkout here was started by the
employees of the killing department at
the various packinghouses. The kill-
ers were followed by the workers in
other departments as fast as the cur-
rent work left by the slaughterers
could be cleaned up. Thus, as the
workers in each department disposed
of their part of the work they threw
off their aprons and departed. This
consideration was shown the packers
by the labor officials, as it was not the
desire of the men to cause the em-
ployers any financial loss as a result
of neglecting meat that was on hand
to be dressed.

No Signs of Disorder.

Watched by cordons of police, the
strikers filed briskly out of the pack-
inghouses, carrying overalls, rubber
boots and knives, cleavers and steels.

The strikers were greeted by crowds
of women and children, many of whom
joined hands with the workmen on the
outward march.

Whatever the future may have in
store in the way of riots there was
Tuesday absolutely no sign of disor-
der.

A picturesque scene was presented
when the sausage factories and can-
neries were left by their forces. There
are 1,000 girls employed in these two
departments of the meat industry. Clad
in variegated garb of factory girls,
this army of feminine strikers tripped
blithely along the main thorough-
fares of the stockyards and were
roundly cheered as they emerged
through the gates and distributed
themselves in the crowd of men who
had awaited their coming.

"We're with you till the last," the
girls exclaimed, smiling prettily as
they stood around and talked over the
situation with their male companions
in the movement.

President Michael Donnelly of the
Amalgamated Meat Cutters and
Butchers' Union of North America,
the leader of the strike, said that he
believed the strikers would have lit-
tle difficulty in standing a siege of a
year with the strike funds the union
has on hand.

President Donnelly and the presi-
dents of the thirty-five locals as-
sembled at the headquarters in the
morning, thinking they might receive
a notice of surrender from the pack-
ers, but no word came. The packers
took the position that they had replied
decisively to the workers' demands
and had nothing more to say than ex-
cept to emphasize a refusal to pay the
wage scale asked.

Arthur Meeker of Armour & Co.,
said:

Consider Demands Unwarranted.

"We consider the demands of the
union for an advance in the wages of
unskilled labor entirely unwarranted
by industrial conditions. We could
not concede it and proposed to sub-
mit the question to arbitration, which
the union declined to do, and called
a strike in all our plants."

President Michael Donnelly, the
strike director, said:

"I wish to make it clear that we are
not fighting for an increase of wages,
but against a decrease.

"Our original demand was for a
minimum of 20 cents an hour for labor-
ers. This demand was amended after
our second conference with the pack-
ers in June.

"We then agreed to a scale of 18½
cents an hour, except in Omaha and
Sioux City, where the scale is 19 cents.

"The packers on the other hand,
refused to pay more than 17½ cents
an hour and declined to sign an agree-
ment at all, except with a small pro-
portion of the workmen.

"The question of wages to skilled
men was not discussed. To unskilled
workmen, the average wage was 18½
cents, but when we asked that this be
made the minimum wage they cut it

A curious effect of the strike is the
rush of the restaurant patrons to fill
up on meat before it is all gone.

Arbitration may bring about a set-
tlement of the strike, but late at night
there was little evidence that either
side intended to make any further ad-
vance. The packers said they were
hoping to hear from an arbitration
proposal contained in a letter sent to

the unionists in reply to the notifica-
tion of the strike order. The strike
leaders say they do not intend to con-
sider that proposition, as it was sub-
mitted before the strike was called.

A large crowd tried to overturn
wagons unloading cots for nonunion
men at the packing houses, but the
police arrested three of the ringleaders
and dispersed the rest of the crowd.

About 10,000 electricians, engineers,
etc., may be rendered idle by the
strike.

Wholesale markets that supply
meats to the hotels of Chicago say
they have enough carcasses on hand
to keep all the large hostleries sup-
plied for several weeks, so the man-
agers of the hotels are not worrying
much over an impending famine.

About 2,000 men are out at Kansas
City; 1,000 at Sioux City, Ia.; 4,000 at
Omaha, and 5,000 at St. Joseph, and
no disturbances are reported.

THOUSANDS QUIT AT ST. LOUIS.

Packinghouse Employees Obey Strike
Order From Chicago.

St. Louis, July 13.—It is stated that
in the neighborhood of 4,500 men em-
ployed in packinghouses at St. Louis
and East St. Louis are out as a result
of the order received from M. Don-
nelly of Chicago. Of this number only
between 700 and 800 were employed in
St. Louis, as most of the great pack-
inghouses are in East St. Louis.

Packers in East St. Louis anticipate
no immediate increase in the price of
meat, as the coolers are filled with a
supply which will last almost two
weeks. An almost unlimited supply
of smoked and cured meats is on hand.

St. Paul Plant Tied Up.

St. Paul, July 13.—Six hundred em-
ployees of the Swift packinghouse at
South St. Paul picked up their dinner
pails at noon and went out on a strike.
Those who struck included all em-
ployes in the butcher and meat cut-
ting departments and their helpers.
The engineers and carpenters were not
affected.

London, July 13.—The foreign office
announces that an agreement was
signed Tuesday by Foreign Minister
Lansdowne and the German ambas-
ador providing for the settlement by ar-

Judge Parker Has Not Yet Received
Reply to His Telegram.

Esopus, N. Y., July 13.—It is begin-
ning to be a source of some wonder as
to what has become of the telegram to
Judge Parker which was formally
adopted by the St. Louis convention
Saturday night. It has not yet
reached Esopus and Judge Parker
knows its tenor only from the press
bulletin which was telephoned to him
that night and from the newspapers
next day.

Former Senator David B. Hill has
not come to Rosemont, since the con-
vention and it is not known that he is
coming.

Mr. W. F. Sheehan conferred with
Judge Parker for nearly three hours
Tuesday, but neither would discuss the
conference. Regarding the chairman-

ship of the Democratic national com-
mittee they were silent also. It is
known that Mr. Sheehan is very much
averse to the proposition that he
should take the position himself.
There is a rumor that Judge Parker
wants the chairmanship to go to Sen-
ator Gorman, but no verification is pos-
sible.

The formal notification of Judge
Parker will take place at Rosemont
within a fortnight.

FATAL DYNAMITE EXPLOSION.

Bannock, O., July 13.—One man was
killed, one probably fatally injured,
and four or five seriously hurt in a
dynamite explosion just east of this
place about noon. The dead man is
John Bushbond, an Italian workman.

Mike McLaughlin, foreman of gang,
was fatally injured. Five Italians,
names not obtainable, were more or
less seriously hurt.

Midnight Jail Delivery.

St. Paul, July 13.—A bold jail de-
livery, during which three masked men
liberated a pickpocket named Kelly, oc-
curred at White Bear about midnight.
Charles Sandahl, night watchman at
the jail, was held up at the point of
revolvers by three men, who took his
keys from him, liberated Kelly and
then, wrapping a shirt around San-
dahl's head, placed him in the pris-
oner's cell.

APPRECIATED BY THE OLD SOLDIERS.

"In Congressman Buckman, the old soldiers of the Sixth district have a friend, whom they would sadly miss should he retire from congress" said Mr. Ephraim Bates, of Randall, to a Little Falls Transcript reporter.

Mr. Bates accompanied by Mrs. Bates came to Little Falls to express their heartfelt appreciation of Congressman Buckman's assistance in securing an increase of Mr. Bates' pension.

"For over twenty years I tried to secure final consideration of my claim for pension, and without success," said Mr. Bates. "In just two months and five days from the date of my letter to Mr. Buckman requesting his assistance, I had my certificate and a voucher for \$582 back pay. I know I am only one of many of the veterans of the Civil War whom Mr. Buckman has assisted, and I believe the old soldiers of the Sixth district owe it to themselves to see that he is re-nominated and re-elected by a rousing majority. He is a man of few words and decisive action. He did not stoop to a mingling of politics or in any way attempt to derive a personal benefit from the service he rendered. Upon writing him asking his assistance, I received promptly a concise, courteous promise of his best effort for me. Within a space of time, which to me, after twenty years vain effort to

secure recognition, seemed incredibly brief, I received another brief note of congratulation from the congressman informing me of his success. It is such men as Mr. Buckman, whom we need to look after the interests of the district and whenever I can find an opportunity to tell of his services for me and my comrades, I shall deem it a pleasant privilege."

"Mr. Buckman's prompt action gave us a new lease of life," interjected Mrs. Bates with tears in her eyes. "We are old, Mr. Bates is rapidly becoming quite blind and while we had faith in Mr. Buckman's ultimate success we did not look for favorable action before winter at best, and we were indeed sore perplexed to know how we would manage through the summer. Mr. Buckman will always have our undying gratitude."

AFTER A BITTER FIGHT.

West Virginia Republicans Name a gubernatorial Candidate.

Wheeling, W. Va., July 13.—At the close of the first day of the most turbulent political convention in the history of the state, following the bitterest fight the party has ever experienced, William Mercer Owens Dawson is the Republican nominee for governor of West Virginia.

When Hon. W. P. Hubbard moved to dispense with the committee on credentials the friends of Charles F. Teter resisted stubbornly, but were beaten by more than 100 majority. The Dawson people followed up their advantage and despite scenes of the wildest disorder, during which Senator Elkins threatened to withdraw from his position of chairman, they forced a nomination before the platform was prepared. The resolutions committee will not meet until today, but the candidate is named.

For a Cold In the Head.

The following is said to cure a cold in the head: In the morning after rising and at night before retiring wash the feet and legs as high up as the knees in cold water, then rub them with a rough towel and massage them till the skin is red and glowing. In addition to this cautiously snuff tepid water up the nose frequently during the day and sip with a teaspoon a glassful as hot as can be borne an hour before each meal and at bedtime. A few days is often quite sufficient for simple cases and obstinate ones yield if the treatment is prolonged. No medicines are required. If taken in the first stages of the disease a cold is broken up which might otherwise become a severe case of bronchitis lasting many days or weeks.

TWO MEN MURDERED.

Junk Dealer and His Employee Killed in Brooklyn.

New York, July 13.—The dead body of George F. Abbott, an aged junk dealer, and his handy man, Frederick Van Buskirk, were found Tuesday in Abbott's junk shop in Chapel Alley, Brooklyn, by firemen called to the building to put out a fire supposed to have been of incendiary origin.

The men evidently were murdered and the police have arrested Charles Victor Johnson, twenty-seven years old, and Oscar Dahlgren, twenty-eight years of age, both of Brooklyn, on suspicion of having knowledge of the crime.

There was a bullet hole in Van Buskirk's head at the left temple, and a similar wound in Abbott's skull.

Abbott had been beaten on the head with some heavy instrument until his brains protruded. He had been tied hand and foot and around the throat with a rope taken from one of his own junk piles. His straw hat had been placed over his face and a self-bushel basket had been pushed down over his body.

In one of Van Buskirk's hands was a revolver with two empty chambers, which the police believe was placed there by the murderers.

It is believed that the men were killed Monday, and a witness has been found who heard the sounds of a quarrel in the junk shop early Monday morning.

The members of the committee were informed by Secretary Loeb that a personal interview with the president could not be arranged. The following is said to cure a cold in the head: In the morning after rising and at night before retiring wash the feet and legs as high up as the knees in cold water, then rub them with a rough towel and massage them till the skin is red and glowing. In addition to this cautiously sniff tepid water up the nose frequently during the day and sip with a teaspoon a glassful as hot as can be borne an hour before each meal and at bedtime. A few days is often quite sufficient for simple cases and obstinate ones yield if the treatment is prolonged. No medicines are required. If taken in the first stages of the disease a cold is broken up which might otherwise become a severe case of bronchitis lasting many days or weeks.

TWO MEN MURDERED.

Junk Dealer and His Employee Killed in Brooklyn.

New York, July 13.—The dead body of George F. Abbott, an aged junk dealer, and his handy man, Frederick Van Buskirk, were found Tuesday in Abbott's junk shop in Chapel Alley, Brooklyn, by firemen called to the building to put out a fire supposed to have been of incendiary origin.

The men evidently were murdered and the police have arrested Charles Victor Johnson, twenty-seven years old, and Oscar Dahlgren, twenty-eight years of age, both of Brooklyn, on suspicion of having knowledge of the crime.

There was a bullet hole in Van Buskirk's head at the left temple, and a similar wound in Abbott's skull.

Abbott had been beaten on the head with some heavy instrument until his brains protruded. He had been tied hand and foot and around the throat with a rope taken from one of his own junk piles. His straw hat had been placed over his face and a self-bushel basket had been pushed down over his body.

In one of Van Buskirk's hands was a revolver with two empty chambers, which the police believe was placed there by the murderers.

It is believed that the men were killed Monday, and a witness has been found who heard the sounds of a quarrel in the junk shop early Monday morning.

They left immediately for home to report to a convention which is now in session at Pittston, Pa.

NOWATNY IS BOUND OVER

Had a Hearing Late Yesterday
Before Judge Warner in the
Municipal Court

MAN HAS WIFE AND FAMILY

Police at Little Falls Claim to have
Had Trouble with Him on
Various Occasions.

Jacob Nowatny, charged with robbing John Tremmel in this city on July 6, had a hearing in the municipal court yesterday afternoon and was held to the grand jury by order of Judge Warner at the conclusion of the hearing.

Nowatny is said to have been an old friend of Tremmel. The latter came down from the woods about the Fourth, and it is claimed that Nowatny was cognizant of the fact that he had money. Nowatny rode to this city on his bicycle on the morning of the 6th and spent the entire day with his "friend", during which time they drank freely. Tremmel became polluted and when he sobered up the next day he found that he had been relieved of something like \$62. As Nowatny had stuck to his "friend" closer than a brother all day, suspicion was naturally aroused in the minds of the police that this astute gentleman had more to do with the affair than any one else, so word was sent to Little Falls to detain him. He was arrested and when searched it was found that he had something like \$60 on his person. As he was known to have no money when he came to Brainerd on the morning of July 6, the officials concluded they were on the right scent.

Nowatny has had more or less trouble in Little Falls where he lives and has a family as indicated by the following taken from the Daily Transcript:

"The prisoner lives in Berg's addition and has been in police court several times on account of having trouble with his family. When he gets drunk it is claimed he drives them out of doors, and one night his wife sought shelter at the city hall on account of being afraid of Jake.

"The officers have feared for some time that Nowatny would make serious trouble in his neighborhood during a drunken fit, but it is probable that he will not cause any disturbance until the Crow Wing county authorities get through with him.

"Parties who were with Nowatny on the Fourth say that he did not have and money at that time."

FELKY WON THE MATCH

Wrestling Match at Gardner Hall Last
Night Witnessed by a Large Number and it was interesting.

The wrestling match which was pulled off at Gardner hall last night between Felky, of Aitkin, and Young Tripp, was one of the most interesting affairs that has been seen in the sporting line for some time. Felky got the best of Young Tripp and won the match, taking the last three out of four falls.

The bout was called at about 9:30 and both men were in the pink of condition. The first fall was taken by Tripp and the young man's admirers were frantic. The fall was made in 10 minutes. The second bout was hard fought but finally Felky got his man and secured a fall. It is claimed that during this bout Tripp injured his arm quite severely and it looked so when the men came together again for Felky got a second fall on Tripp in about twenty seconds. The third fall for Felky was secured in about fifteen minutes. Tripp has challenged Felky to another match, which will take place at Aitkin on July 20.

In the preliminaries Simmons, the cigar maker, put it all over Felky.

The Brainerd first team will play at Little Falls on Sunday and an excursion train is being arranged for. The boys are doing some hustling to make this a go and they will no doubt be able to get enough men in line to make the train. The game will be a good one, the lineup being about the same as the one played here last Sunday.

RHODES HEARING IS HELD TODAY

Edward Rhodes, Charged with
Killing Jonathan Schell, De-
mands Examination.

SEVERAL WITNESSES EXAMINED

Frank Oberg and Others Testify
Regarding the Finding of
the Dead Body.

The case of the state against Edward Rhodes, charged with shooting Jonathan Schell on Friday evening last was taken up before Judge Warner this morning in the municipal court, Attorney A. E. Bowe appearing on behalf of the state and Judge Fleming appearing on behalf of the defendant.

The defense decided to demand an examination at once, believing that the case would never reach the grand jury for the killing is claimed to have been purely and solely in self defense.

Edward Rhodes appeared in court this morning fresh and clean shaven and assumed the same reserved and dignified attitude that has marked his action since the shooting occurred. He naturally does not feel any too well over the sad affair, but nevertheless feels that he was justified in taking the man's life, who, with gun in hand threatened him.

Frank Oberg was the first witness called by the state this morning. He heard of the shooting shortly after it occurred and was the first to see the body of Schell after he had been killed.

Mr. Oberg testified that after going to the Rhodes home and seeing the body he went to the home of D. E. Whitten which was not far away. There he saw Mrs. Whitten and daughter, but Mr. Whitten was not at home. Rhodes had been to the house and when Oberg got there was down near the lake shore talking to another man. Mr. Oberg went up to them, but he did not hear much of the conversation between the two men. He did hear Rhodes say that he had sent for the officers at Deerwood and expected them out in a few minutes. From there Oberg with J. McCarvel and a boy by the name of Rudolph went back to the Rhodes shanty and Mr. Oberg found the body of Schell just as he had left it on his first visit. Soon after the boys arrived on the scene of the tragedy some eight or ten other gentlemen arrived, among them Rhodes himself. Dr. Reid, of Deerwood, was the only man whom Oberg wistouch the body. Dr. Reid examined the pulse and that was all. From there Oberg went to a neighbors' by the name of Anderson and did not return to the Rhodes shanty again that night. The body was left where it lay all night. Mr. Oberg said he saw a bullet wound under the man's arm.

On cross examination Mr. Oberg stated that the revolver was lying within an inch or two of Schell's hand when he saw it first. He was examined regarding the wound he saw. Judge Fleming tried to bring out the fact that it might be hard to determine a bullet wound through the outer garment. Young Oberg maintained that he could not be mistaken; that it was a bullet wound.

D. E. Whitten was the next man called by the state. He testified that he had known Rhodes for about five years and that the latter had worked for him for two summers and made his home with him since he had been in this vicinity. He had known Schell for about 11 years. Mr. Whitten lived about three-quarters of a mile from Rhodes place and half a mile from Schell's place. Rhodes came to his house about 9:15 o'clock on the night of the murder and stayed there nearly an hour. He first came to the house but did not say anything about the quarrel with Schell. Finally Whitten went down to the barn and Rhodes followed him. The latter said he had had trouble with Schell; that the latter came to his shanty and started firing at him and he fired back and Schell fell. He said at the time he did not know if he had killed Schell or not. The balance of the testimony was about the same as that given by Oberg relating to the body and how it was located and what was done by the neighbors.

The following were called later: C. J. Rathvon, W. E. Milberry, W. W. Winters, A. E. Losey and Chas. Osterlund. More or less of this testimony was the same as given by the other witnesses in reference to the finding of the body.

NOWATNY IS BOUND OVER

Had a Hearing Late Yesterday
Before Judge Warner in the
Municipal Court

MAN HAS WIFE AND FAMILY

Police at Little Falls Claim to have
Had Trouble with Him on
Various Occasions.

Jacob Nowatny, charged with robbing John Tremmel in this city on July 6, had a hearing in the municipal court yesterday afternoon and was held to the grand jury by order of Judge Warner at the conclusion of the hearing.

Nowatny is said to have been an old friend of Tremmel. The latter came down from the woods about the Fourth, and it is claimed that Nowatny was cognizant of the fact that he had money. Nowatny rode to this city on his bicycle on the morning of the 6th and spent the entire day with his "friend", during which time they drank freely. Tremmel became polluted and when he sobered up the next day he found that he had been relieved of something like \$62. As Nowatny had stuck to his "friend" closer than a brother all day, suspicion was naturally aroused in the minds of the police that this astute gentleman had more to do with the affair than any one else, so word was sent to Little Falls to detain him. He was arrested and when searched it was found that he had something like \$60 on his person. As he was known to have no money when he came to Brainerd on the morning of July 6, the officials concluded they were on the right scent.

Nowatny has had more or less trouble in Little Falls where he lives and has a family as indicated by the following taken from the Daily Transcript:

"The prisoner lives in Berg's addition and has been in police court several times on account of having trouble with his family. When he gets drunk it is claimed he drives them out of doors, and one night his wife sought shelter at the city hall on account of being afraid of Jake.

"The officers have feared for some time that Nowatny would make serious trouble in his neighborhood during a drunken fit, but it is probable that he will not cause any disturbance until the Crow Wing county authorities get through with him.

"Parties who were with Nowatny on the Fourth say that he did not have and money at that time."

RHODES HEARING IS HELD TODAY

Edward Rhodes, Charged with
Killing Jonathan Schell, De-
mands Examination.

SEVERAL WITNESSES EXAMINED

Frank Oberg and Others Testify
Regarding the Finding of
the Dead Body.

The case of the state against Edward Rhodes, charged with shooting Jonathan Schell on Friday evening last was taken up before Judge Warner this morning in the municipal court, Attorney A. E. Bowe appearing on behalf of the state and Judge Fleming appearing on behalf of the defendant.

The defense decided to demand an examination at once, believing that the case would never reach the grand jury for the killing is claimed to have been purely and solely in self defense.

Edward Rhodes appeared in court this morning fresh and clean shaven and assumed the same reserved and dignified attitude that has marked his action since the shooting occurred. He naturally does not feel any too well over the sad affair, but nevertheless feels that he was justified in taking the man's life, who, with gun in hand threatened him.

Frank Oberg was the first witness called by the state this morning. He heard of the shooting shortly after it occurred and was the first to see the body of Schell after he had been killed.

Mr. Oberg testified that after going to the Rhodes home and seeing the body he went to the home of D. E. Whitten which was not far away. There he saw Mrs. Whitten and daughter, but Mr. Whitten was not at home. Rhodes had been to the house and when Oberg got there was down near the lake shore talking to another man. Mr. Oberg went up to them, but he did not hear much of the conversation between the two men. He did hear Rhodes say that he had sent for the officers at Deerwood and expected them out in a few minutes. From there Oberg with J. McCarvel and a boy by the name of Rudolph went back to the Rhodes shanty and Mr. Oberg found the body of Schell just as he had left it on his first visit. Soon after the boys arrived on the scene of the tragedy some eight or ten other gentlemen arrived, among them Rhodes himself.

Dr. Reid, of Deerwood, was the only man whom Oberg wistouch the body Dr. Reid examined the pulse and that was all. From there Oberg went to a neighbors' by the name of Anderson and did not return to the Rhodes shanty again that night. The body was left where it lay all night. Mr. Oberg said he saw a bullet wound under the man's arm.

On cross examination Mr. Oberg stated that the revolver was lying within an inch or two of Schell's hand when he saw it first. He was examined regarding the wound he saw. Judge Fleming tried to bring out the fact that it might be hard to determine a bullet wound through the outer garment. Young Oberg maintained that he could not be mistaken; that it was a bullet wound.

D. E. Whitten was the next man called by the state. He testified that he had known Rhodes for about five years and that the latter had worked for him for two summers and made his home with him since he had been in this vicinity. He had known Schell for about 11 years. Mr. Whitten lived about three-quarters of a mile from Rhodes place and half a mile from Schell's place. Rhodes came to his house about 9:15 o'clock on the night of the murder and stayed there nearly an hour. He first came to the house but did not say anything about the quarrel with Schell. Finally Whitten went down to the barn and Rhodes followed him. The latter said he had had trouble with Schell; that the latter came to his shanty and started firing at him and he fired back and Schell fell. He said at the time he did not know if he had killed Schell or not. The balance of the testimony was about the same as that given by Oberg relating to the body and how it was located and what was done by the neighbors.

The following were called later: C. J. Rathvon, W. E. Milberry, W. W. Winters, A. E. Losey and Chas. Osterlund. More or less of this testimony was the same as given by the other witnesses in reference to the finding of the body.

STATEMENT BY BRYAN

NEBRASKA SAYS THAT HE WILL VOTE FOR THE DEMOCRATIC CANDIDATES.

HAS NOTHING TO WITHDRAW

STANDS BY HIS STATEMENTS AS TO METHODS USED TO NOMINATE PARKER.

Lincoln, Neb., July 13.—W. J. Bryan Tuesday gave out a statement outlining his position, which says in part: "I shall vote for Parker and Davis, the nominees of the Democratic national convention, and shall do so for the following reasons:

"First—Because the Democratic ticket stands for opposition to imperialism, while the Republican ticket stands for an imperialistic policy. On this question—which must remain an important issue so long as an attempt is made to hold colonies under the American flag—the convention was unanimous, the platform emphatic, and I have no doubt that the candidate will carry out the platform.

"Second—Mr. Roosevelt is injecting the race issue into American politics and this issue, if it become national, will make it impossible to consider economic questions that demand solution. The election of the Democratic ticket will put a quietus upon this attempt and permit the race question to work itself out without the bitterness which Mr. Roosevelt's conduct has engendered.

"Third—Mr. Roosevelt stands for the spirit of war. His friends present him as a man of blood and iron. He believes in strenuousness and inculcates a love for warlike things. The Democratic ticket stands for peace, for reason and for arbitration rather than for force, conquest and bluster.

"Fourth—The Democratic platform declares in favor of the reduction of the standing army, and there is reason to believe that a Democratic success on this subject would bring some advantage to the people.

Will Not Appeal on False Grounds.

"For these reasons I feel justified in supporting the ticket, but I shall not misrepresent the situation or appeal for votes for the ticket upon false grounds. A Democratic victory will mean very little, if any progress on economic questions so long as the party is under the control of the Wall street element. On the money question Mr. Parker is as thoroughly committed to the side of the financiers as Mr. Roosevelt. Nothing good can be expected of him on the money question.

"On the trust question the Democratic platform is very much better than the Republican platform, but the nomination of Judge Parker virtually nullifies the anti-trust plank. Unless in his letter of acceptance he commits himself to attempt anti-trust legislation we need not expect him to pursue a different course from that pursued by President Roosevelt.

"We must await Judge Parker's letter before we shall know whether the laboring man has anything to expect from his election. The labor plank as prepared by Judge Parker's friends on the subcommittee, was a straddling, meaningless plank.

"On the tariff question some little progress may be hoped for, but it remains to be seen whether Judge Parker will carry out the positive and definite plank which was submitted by the full committee.

"Judge Parker stands for enough things that are good to justify me in giving him my vote, but the triumph of the Wall street element of the party denies to the country any hope of relief on economic questions.

Attempt to Deceive the Party.

"I have nothing to take back. I have nothing to withdraw of the things I have said against the methods pursued to advance his candidacy. It was a plain and deliberate attempt to deceive the party.

"The New York platform was vague and meaningless, and purposely so, because the advocates of Judge Parker were trying to secure votes from among the people who would have opposed his views had they known them. If he had sent to the Albany convention the telegram that he sent to St. Louis convention he would have had very few instructed delegates from the South, and no possible chance for the nomination. But he and his managers adroitly and purposely concealed his position until the delegates had been corralled and the nomination secured. Then his friends attempted to secure a gold plank, which was overwhelmingly defeated in the committee. After the party had rejoiced over the harmony secured by the omission of the question, and after he had secured the nomination, he injected his views upon the subject at a time when he could not be taken from the ticket without great demoralization. The nomination was secured, therefore, by crooked and indefensible methods, but the Democrat who loves his country has to make his decisions upon conditions as he finds them, not upon conditions as he would like to have them."

In conclusion Mr. Bryan says the fight on the economic question will be renewed after the election.
